### Calculating Areas of Triangles

Find the area of each triangle and write it on the line.  
*Be sure to include the correct units. If no unit is shown, just use the words "square units".*

### Calculating Areas of Triangles

Find the area of each triangle and write it on the line.  
Be sure to include the correct units.  
If no unit is shown, just use the words "square units".

**Remember:**  
Area of a Triangle =  $\frac{1}{2}$  Base x Height
