

Compare Fractions

Use the pictures below to solve each problem.

1. What fraction of Brian's pizza has pepperoni? What fraction of Nathan's pizza has pepperoni? Whose pizza has a greater fraction of pepperoni?

2. What fraction of Carol's pizza has pepperoni? What fraction of Maria's pizza has pepperoni? Whose pizza has a greater fraction of pepperoni?

3. Who has the smallest fraction of plain pizza, Greg, Brian, or Carol?

4. All the pizzas are the same size. Whose pizza has the bigger slices, Janet's or Brian's?

5. **What's Wrong?** Maria says that her pizza has a greater fraction of pepperoni than Greg's has, because her pizza has more slices of pepperoni. What's wrong?
